SUBJECT: Weekly Activities Report

A. SIGNIFICANT ITEMS

None to report.

B. OTHER ACTIVITIES

1. I am standing by for notification from Mr. O'Donnell of the White House Executive Office staff that I have been scheduled to present an illustrated 45-minute area briefing on [REDACTED] for the forthcoming Presidential trip this week-end. The White House staff apparently received no briefing prior to their trip to [REDACTED] in October and sensed the need keenly. Our [REDACTED] mentioned our new slides to a close friend on that staff, apparently generating considerable interest. DDTR sees no conflict of interest with State since I am confining my material to purely environmental aspects of the prospective visits to the two cities. We will use our own equipment, with the help of [REDACTED]

2. Following up on your submission of my name for Technical Adviser on two film projects at the Strategic Intelligence School, I have held exploratory conversations with Col. Wiley K. Jones, Head, Department of Strategic Intelligence and Area Studies. Principal task will be the updating of their film on Latin America, and I am delighted to gain additional experience on this, my newer, area. Tentative plans call for completion of my planning phase prior to the beginning of our busiest season in March. The other project, updating and some reorganization of SIS' film on Free Europe, will have second priority and should take less time. This is the film I helped produce in 1958, and changes in that area have been fewer and less serious than in the other.

3. [REDACTED] has recently presented the status, roles, and contemporary activities of the Communist Movements in [REDACTED] and [REDACTED] in AAO briefings. Discussions were supplemented with handouts containing data on the [REDACTED] CP's as well as their national and international activities.
